

SafeChild — User Guide

Step by step — download, install & use the app

SafeChild is a parental monitoring app that helps you keep an eye on your child's Android phone — calls, messages and social media activity. Follow the steps below in order.

Quick Links

 **Download App (APK):** <https://mysafechild.com/safechild.apk>

 **Web Login:** <https://mysafechild.com/login>

1 Step 1: Download the APK

- Open any browser (Chrome) on your child's phone.
- Go to mysafechild.com — or open this direct link: <https://mysafechild.com/safechild.apk>
- "Download App" button par tap karein / tap the "Download App" button.
- The APK file will start downloading — wait until it finishes.

2 Step 2: Turn off Play Protect (very important)

Important: When Play Protect is ON it blocks installing apps from outside the Play Store, so turn it off before installing.

- Open Google Play Store.
- Tap your profile photo at the top right.
- "Play Protect" par tap karein.
- Tap the settings (gear) icon at the top right.
- Turn OFF "Scan apps with Play Protect".
- If a warning appears, tap "Turn off".

3 Step 3: Install the APK

- Tap the downloaded APK file from the notification or "Downloads" folder.
- If it asks for "Unknown sources", open "Settings" and enable "Allow from this source", then come back.
- Tap "Install".
- If you see "App scanned / Unsafe app blocked", tap "Install anyway".

4 Step 4: Grant Permissions

Important: The app will not proceed until all permissions are granted — each one must be turned on.

- Open the app and enter the child's name.
- Turn on Notification Access (Allow).
- Allow the Calls & SMS permission.
- Set Battery to "Unrestricted".
- Turn on Autostart.
- If "Restricted setting" appears, go to the app's App Info, then the 3-dot menu, and enable "Allow restricted settings".

5 Step 5: Note the Access Code

- The app now shows a 9-digit code (e.g. 123 456 789).
- Remember or write down this code — you need it to log in on the website.

6 Step 6: Log in on the website

- On your own phone or computer, open: <https://mysafechild.com/login>
- Enter the 9-digit Access Code.
- "Open Dashboard" par tap karein / tap "Open Dashboard".
- You can now see the child's calls, messages and activity.

7 Step 7: Hide the app (optional)

- Tap the "Hide App" button in the app — the icon will hide from the child's phone.
- To reopen the app, type *##*7233#*##* in the dialer (Phone).

8

Step 8: Free trial & plans

- 24-hour free trial — with full Premium features.
- After that: Basic Rs. 1499/month (message text hidden).
- Premium Rs. 1999/month (full message text also visible).
- OTP / password messages are always hidden — for safety.
